## WORK EXPERIENCE

### TEACHER ASSISTANT

#### University of Toronto

📅 2022 - current

- As a skilled educator, I empower students with the fundamental knowledge of web development technologies, including HTML, CSS, JavaScript, third-party APIs, Progressive Web Applications, MySQL, API design, and the MERN stack (MongoDB, Express.js, React.js, Node.js).
- I foster an environment of collaborative learning, encouraging students to work effectively in diverse teams while adhering to demanding timelines, resulting in the development of fully functional web applications from inception to completion.
- In addition, I aim to equip students with the proficiency required to learn new technologies and tackle challenges independently, through expert guidance and mentorship.

### TECHNICAL RESOURCE SPECIALIST

#### Intrado

📅 2021 - current

- Responsible for supporting client notification applications and resolving technical issues
- Uses problem solving and troubleshooting skills to effectively
- Provided customer service excellence by answering questions

### Student Lead Technician

#### Front Range Community College

📅 Sep 2018 - June 2020

- Provided Technical support to 20,000+ students as well as faculty
- Delivered local and remote IT support
- Helped with the migration of our networks moving them into a new domain
- ordered hardware and software for company personnel

## ABOUT ME

I am a highly motivated self-starter with strong attention to detail and exceptional communication skills. I possess a thorough understanding of the core concepts of HTML, CSS, and JavaScript, and am able to quickly learn and adapt to new technologies. I am adept at debugging and documenting my processes. I would be excited for the opportunity to discuss how I can contribute to your team during an interview.
